Available Finishes - TDO, TTA, TZ, TWA, TLW

Cubo - An understated minimal design finished in a range of exotic Reconstituted Wood Veneers, with a top of either white or black Silestone.

This unit was designed for its distinctiveness of construction. It is able to be further enhanced by the purchaser's selection of basin style, adding to the sophistication of this range of bathroom furniture. Cubo features the fully adjustable European beech drawer with integrated soft close runners, and a rebated drawer front eliminating the need for a handle.

The surface area remaining after the installation of the basin, combined with the slender elongated drawer, makes this a truly workable vanity with style.

The Photography Features:

KWC ONO Basin Faucet - High Rise (K12.151.293.000)

Vitra Piu Due Pearl Basin (VIT5194) *Basin not included in vanity price.
